

LauncherWindow::on  
\_inShowDev\_clicked

WindowHandler::WindowHandler

LauncherWindow::openDevWindow

```
graph LR; A[LauncherWindow::on_inShowDev_clicked] --> C[LauncherWindow::openDevWindow]; B[WindowHandler::WindowHandler] --> C;
```

The diagram illustrates two callouts pointing to a central method. The first callout, 'LauncherWindow::on\_inShowDev\_clicked', is a white box with a black border. The second callout, 'WindowHandler::WindowHandler', is also a white box with a black border. Both callouts have blue arrows pointing to a central gray box labeled 'LauncherWindow::openDevWindow'.
